

FLORIDA ELECTION INTEGRITY

Secure elections are the cornerstone of American democracy. Your help is critical to ensure the election is fair and honest.

Republican Poll Watchers and Workers are needed in Florida for Election Integrity Operations during the 2024 election season.

Poll Watchers observe and report potential issues which may arise at polling locations and ballot tabulation centers. Poll Workers play an official role in administering the election at the precinct level.

Now is your chance to help America vote with confidence and do your part for election integrity. Training will be provided.
